EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Mark Fitzgerald on 6/9/05.

The application has been amended as follows:

In claim 8, the phrase "and wherein said method indicates the potential presence of an intracellular pathogen microbe" has been deleted.

In claims 11, 12, 19, and 20, the phrase "or claim 10" has been deleted.

In claim 62, the word "pathogen" has been replaced by the phrase —pathogenic condition—and the word "organism" has been deleted.

In claim 63, the phrase "pathogen is associated with a" has been deleted and the word --is-- has been inserted between "condition" and "selected" in line 2.

In claim 64, the word "disease" has been replaced by the phrase —pathogenic condition—.

Claim 65 has been cancelled.

These amendments have been made so that the claims are clear and properly dependent. Claim 65 has been cancelled because these limitations are already present in claims 4-5 upon which it depends.
